SPACE FOR BOTH OF YOU

Two collections. One considered room.

From handbags and heels to tailoring, watches and shoes, we plan the storage around what you own and how you like to dress.

For a shared dressing room, we give each person their own space, with hanging, drawers and display tailored to both collections.

YOUR COMPLETE ROOM. ONE ACCOUNTABLE TEAM.

Wardrobes, lighting, mirrors, stone and room finishes. One contract, one agreed price and one agreed handover date for the complete scope.

Método takes responsibility for bringing it all together.

SEE WHAT YOU OWN

A place for every favourite.

Beautiful storage makes choosing, using and putting things away feel effortless.

HANDBAGS, BEAUTIFULLY DISPLAYED

Shelves sized for your totes, shoulder bags and evening clutches, with room between each piece.

Choose open displays, softly lit shelving or glass-fronted cabinets.

A PLACE FOR EVERY PAIR

From everyday trainers and flats to heels, boots and formal shoes, storage planned around the pairs you own.

Adjustable shelves and pull-out options make it easier to see, choose and put everything away.

Shelf heights and depths are planned around your collection, including taller bags and boots.

THE LITTLE THINGS, CONSIDERED

Everything, easy to find.

Soft-lined drawers for jewellery and watches. Dedicated compartments for sunglasses, belts, ties and cufflinks.

A PLACE TO RETURN IT TO

Divided trays give smaller pieces a home of their own. Plan the compartments around the accessories you use, with space to see each item clearly.

CLOTHES WITH ROOM TO BREATHE

Made for the way you dress.

Full-length hanging for dresses, abayas and kanduras, alongside shorter rails for shirts, jackets and trousers.

TAILORING, WATCHES & SHOES

Dedicated hanging, trouser storage and lined accessory drawers bring everyday pieces together.

Drawers for lingerie and folded pieces, with upper storage for items you use less often.

YOUR OWN SPACE TO GET READY

A calmer start. A place to unwind.

A comfortable seat. A well-lit mirror. Makeup and beauty products neatly organised within reach.

BEAUTY, BEAUTIFULLY ORGANISED

An integrated dressing table brings your morning and evening routine into one place, with drawers planned around the products and tools you use.

Complete it with a stone surface, flattering lighting and coordinated finishes.

THE ROOM SETS THE SCALE

Beautifully organised, whatever your space.

A bedroom wardrobe, a walk-in or a complete dressing room - each starts with the space you have.

FITTED WARDROBES

Make more of your bedroom with storage tailored to the walls, ceiling height and belongings you need to accommodate.

WALK-IN WARDROBES

Turn an adjoining space or spare room into a wardrobe where you can see what you own and put outfits together with ease.

COMPLETE DRESSING ROOMS

Add a vanity, dressing island or seating where space allows.

FINISHES THAT FEEL LIKE YOU

Show what you love. Tuck the rest away.

Open shelving for your favourite pieces. Glass doors for a view of your collection. Solid doors for a calm, uncluttered bedroom.

OAK / WALNUT / PAINTED FINISHES / GLASS / STONE

Light oak and soft painted finishes, or deeper walnut, smoked glass and bronze. Choose a lighter, softer look, a richer tailored feel, or a balance of both.

Mirrors, stone surfaces and carefully placed lighting bring the room together. The palette is considered alongside the rest of your home.
